Exhibit B; Quality  
Issue 2009-02  
Class:B-2EN (A400-IPP)

Document : **ExhB-A400M-Ice Protection Plates**

Dated : February 16, 2009

GR-Q1	<p><b>QUALITY SYSTEM</b>                  Supplier shall provide and maintain a Quality System acceptable to the Buyer and Buyer's customers for the supplies and services covered by this purchase order                  Minimum Quality System requirement is ISO9001:2000, preferred Quality System level is AS/EN9100.</p>
GR-Q2	<p><b>CUSTOMER RIGHT OF ACCESS</b>                  Buyer, their customer and regulatory authorities shall have right of access to all facilities and to all applicable records involved in the order. This includes the right to perform quality audits.</p>
GR-Q3	<p><b>FIRST ARTICLE INSPECTION AS9102</b>                  Before delivery of "new parts" (first time delivery), Supplier shall perform a First Article Inspection (FAI) according AS9102. Before delivery of the parts, Buyer shall accept the FAI. After acceptance of FAI, production process, software, programs, used materials and parts shall be frozen.                  No changes to the production process, software, programs, used materials and parts can be implemented without Buyer's written permission. Changes permitted by Buyer are subject to (partial) FAI.                  Note: When the interval between two deliveries of the same part has exceeded 12 months, the part shall be considered a "new part" and a full FAI is required.</p> <p>Supplier shall notify AESP Quality Representative within 14 days of receipt of this contract to coordinate and plan for the First Article Inspection to be conducted, as determined appropriate, by the AESP Quality Representative.</p> <p><u>SHIPMENT DOCUMENTATION:</u>                  Supplier will include results of FAI report with initial shipment of the FAI item. Documentation of any updates shall also be provided with the applicable shipment of product.</p>
GR-Q4	<p><b>CERTIFICATE OF CONFORMANCE</b>                  Supplier shall certify that the product delivered has been manufactured, inspected, and/or tested in accordance with either the purchase order, Engineering Drawing, or Specification. The statement of conformance document shall be signed by a representative of the Supplier.</p> <p><u>SHIPMENT DOCUMENTATION:</u>                  Each shipment by the Supplier shall be accompanied by a Statement of Conformance in accordance with the above.                  When the items on this purchase order are supplied by a distributor, a copy of the manufacturer's certification or the distributor's certification stating compliance and the manufacturer's name and address shall be provided.</p>
AA-Q5	<p><b>QUALITY RECORD RETENTION</b>                  Supplier shall retain Quality Assurance/Manufacturing/Inspection records and maintain a system with the ability to recall these records upon request by AESP. Additionally, distributors shall assure that manufacturers maintain quality assurance/manufacturing/inspection records and that these records are also available upon request. Unless otherwise stated in this purchase order, the quality record retention period shall be ten (10) years following the end of the year in which this Purchase Contract is accomplished.                  Prior to disposal of any records of product quality acceptance the Buyer must be notified; the Buyer may choose to have such records transmitte to him.</p>

AA-Q6	<b>MANDATORY FLOW DOWN OF REQUIREMENTS</b> Supplier shall transmit Buyer's requirements to it's subcontractors and suppliers.
AA-Q7	<b>PROCUREMENT SOURCES</b> Supplier shall only procure materials and standard parts from Airbus approved sources.
AA-Q8	<b>ENVIRONMENTAL REQUIREMENTS</b> Supplier shall implement an environmental management system to manage the environmental issues related to it's activities.

Approved:

Eelco Houkes,  
Manager Quality procurement
