GR-Q1	CUSTOMER RIGHT OF ACCESS Buyer, their customer and regulatory authorities shall have right of access to all facilities and to all applicable records involved in the order.
GR-Q2	QUALITY SYSTEM Seller shall provide and maintain a Quality System acceptable to the Buyer and Buyer's customers for the supplies and services covered by this purchase order Minimum Quality System requirement is ISO9001:2000, preferred Quality System level is AS/EN9100.
GR-Q4	NON CONFORMITIES The Supplier's MRB shall not perform any disposition on any non-conformance to customer requirements that affect form, fit, function, weight, interchangeability, maintainability, reliability, unique key characteristics or safety. These non-conformances shall be submitted to Fokker in Fokker specified format and content as per NC writing guidelines (Subcontractor manual chap. 3-2). Suppliers of products (standard parts, bearings) that retain product design authority and are ISO9001:2000 or AS9100 certified may use dispositions of use-as-is or repair, as long as the nonconformity does not have impact on form, fit, function, weight, interchangeability, maintainability, reliability, unique key characteristics or safety. requirements of the product.
GR-05	IDENTIFICATION Product shall be individually identified as specified on the engineering drawing or specification. When identification is not specified on the engineering drawing or specification, the product shall be identified with the part number specified on the purchase order or Condition of Supply. When items are too small to easily identify, they may be bagged and tagged.
AP-Q6	FIRST ARTICLE INSPECTION AS9102 <i>Mesa, Quality clause Q071</i> http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm AS9102 AEROSPACE FIRST ARTICLE INSPECTION REQUIREMENT WITH BOEING FIRST ARTICLE INSPECTION (FAI) – DELIVERABLE REPORT First Article Inspection (FAI) shall be performed by the Seller in accordance with the requirements of AS9102. When documenting the FAI, the Seller may use the forms contained within AS9102 or their equivalent, so long as the forms contain all the information required by AS9102. Seller shall notify Fokker's Quality Representative within 48 hours of receipt of this contract to coordinate and plan for the Boeing First Article Inspection (BFAI) to be conducted, as determined appropriate, by the Buyer Quality Representative.

AP-Q7	<p>APPROVED PROCESSING SOURCES <i>Mesa, Quality Clause Q020</i> http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm</p> <p>APPROVED PROCESS SOURCE Seller and / or Seller's subcontract process sources shall be an approved processor or shall use approved processors as required by D1-4426, "Approved Process Sources". A list of the approved processors and associated processes are available from Buyer's Procurement Agent or at http://www.boeing.com/companyoffices/doingbiz/d14426/index.html This clause shall be included in Seller's subcontracts for work performed under this purchase contract that involves D1-4426 processes. A Certificate of Conformance and / or equivalent Process Certificate, signed by an authorized agent of the Processor / Seller shall be maintained by Seller. The certificate shall include purchase contract number, part number(s), Trace Number (as applicable), Process Specification number w/revision, processing date(s) and name and address of the Processor(s) performing each of the D1-4426 Process(es). Buyer approval of any processor shall not relieve Seller of Seller's requirement to comply with the terms of this purchase contract.</p> <p>NOTE: The Boeing listing for D14426, Boeing Approved Process Sources, can be obtained at the following URL address: http://www.boeing.com/companyoffices/doingbiz/d14426/ http://www.boeing.com/companyoffices/doingbiz/tcmdhs/avl.htm</p>
AP-Q8	<p>PHYSICAL/ CHEMICAL TEST REPORTS <i>Mesa, Quality Clause Q080</i> http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm</p> <p>Q080 Raw Material Test Results – rev 10/1/01</p> <p>(a) Seller shall include with each shipment the raw material manufacturer's test report (i.e., mill test report) that states that the lot of material furnished has been tested, inspected, and found to be in compliance with the applicable material specifications. The test report will list the specifications, including revision numbers or letters, to which the material has been tested and/or inspected and the identification of the material lot to which it applies.</p> <p>(b) When the material specification requires quantitative limits for chemical, mechanical, or physical properties, the test report shall contain the actual test and/or inspection values obtained. For aluminum mill products (except castings), certifications for chemistry may indicate compliance within the allowed range. Certifications for physical properties shall show actual values.</p> <p>© If Seller supplies converted material produced by a raw material manufacturer, Seller is responsible for ensuring performance of all physical tests where the manufacturing process has altered the properties from what had been certified by the raw material manufacturer. The data submitted must reflect the condition of the material as offered for delivery. This data is in addition to the raw material manufacturer's test report required above</p>

<p>AP-Q9</p>	<p>CERTIFICATE OF CONFORMANCE <i>Mesa, Quality Clause Q091)</i></p> <p>http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm</p> <p>MANUFACTURER'S CERTIFICATE OF CONFORMANCE Seller shall include with each shipment a copy of the manufacturer's Certificate of Conformance.</p> <p>The manufacturer's Certificate of Conformance shall include the following information:</p> <ol style="list-style-type: none">1) Name and address of manufacturer2) Statement attesting that goods and services conform to all contract and associated drawing requirements.3) Part number and dash number (as applicable)4) Drawing number and revision level (as applicable) to which the goods were manufactured5) If goods are Buyer furnished, so indicate. <p>The Certificate of Conformance will afford traceability to the manufacturer.</p> <ul style="list-style-type: none">• Seller shall reference Buyer's contract number on manufacturer's Certificate of Conformance. <p>OR</p> <ul style="list-style-type: none">• Seller shall include with each shipment a copy of Seller's Certificate of Conformance that will include reference to Buyer's contract number and a reference to the required manufacturer's Certificate of Conformance.
<p>AP-Q10</p>	<p>QUALITY RECORD RETENTION <i>Mesa, Quality Clause Q224M</i></p> <p>http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm</p> <p>Q224 Inspection Record Retention (Five years) – rev 11/27/01 Seller and Seller's Subcontractors shall maintain verifiable objective evidence of all inspections and test performed, results obtained and dispositions of non-conforming articles. These records shall be identified to associated articles, including heat and lot number of materials, unit or lot serialization when applicable, and shall be retained by the seller and made available for review to Buyer and /or authorized representatives/customers of the Buyer upon request. Records shall be retained in a safe, accessible location for a period of five (5) years following final payment for the subcontract.</p> <p>Records held for the required retention period (five years) shall not be destroyed without Buyer's written concurrence. Contact Buyer for concurrence. Additional retention/storage time, if required by Buyer, will be subject to negotiation. Seller shall notify Buyer of any activity at the Seller's facility that may impact the retention of these records.</p>

AP-Q11	<p>ITAR REQUIREMENTS – Technical Assistance Agreements, Manufacturing License Agreements & Licenses for Permanent Export of Defense Articles including Technical Data (DSP-5) (Variable) <i>Mesa, General Legal H103</i></p> <p>http://www.boeing.com/companyoffices/doingbiz/idscommon/clauses/clause_index.htm</p> <p>1.
